

Mr. Gordon Jenkins
Director Business Improvement & Electronic Commerce
LGS GROUP INC.

Mr. Mike Plouffe, Vice President, LGS, National Capital Region is pleased to announce the appointment of Gordon Jenkins as Director Business Improvement & Electronic Commerce. In his new position, Mr. Jenkins will assist our clients in assessing their state of readiness for the introduction of Electronic Commerce related practices, procedures and enabling technologies.

Mr. Jenkins is on the National Board of the Treasury Management Association of Canada and the Government Electronic Commerce Committee and is the recent Chairman of the Government EDI User Group. Mr. Jenkins brings to LGS over 25 years of experience in business analysis, financial systems administration, cash management, in both the public and private sectors. He has written two books on Electronic Data Interchange (EDI) and a third on Electronic Commerce which will be published in both official languages.

Gordon, who will be based in Ottawa, will join the growing LGS corporate team specializing in Electronic Commerce and EDI. Teams are already in place in Montreal with Mr. Carol Boivin, in Toronto with Mr. John Sandala and in Quebec City with Mr. François Trudel.

LGS is one of Canada's leading Information Systems Consulting organizations. Founded in Montreal in 1979, the firm has enjoyed consistent and profitable growth as a result of its commitment to quality, innovation and uncompromising client satisfaction. Publicly traded on the Montreal Stock Exchange, LGS now has approximately 750 professionals in business offices located across Canada and in Europe.
